1. Door/window sensor

PRODUCT	MODEL	FEATURES
Aeotec	ZW112-A 	<ul style="list-style-type: none"> -Enhances door/window security -Firmware update supported -Rechargeable battery lasts upto half a year and charges via USB -Receive notifications when door/window opened
Aeotec	ZW120-A 	<ul style="list-style-type: none"> -Enhances door/window security -Firmware update supported -Rechargeable battery lasts upto half a year and charges via USB -Receive notifications when door/window opened
Aeotec recessed door sensor	ZW089 	<ul style="list-style-type: none"> -Small,compact,powerful but invisible -1 year battery life -Wireless range upto 150 feet -AES 128-bit communication encryption
Hank	HKZW-DWS01 	<ul style="list-style-type: none"> -Magnetic contact sensor -Tamper protection -OTA supported -1 year battery life -Low battery alert -FCC,CE and Z-Wave Plus certified

2.Multi-Sensor

PRODUCT	MODEL	FEATURES
Aeotec	ZW100-A 	<ul style="list-style-type: none"> -6-in-1sensor(Motion,light,temperature,humidity,-vibration and UV sensor) -Tamper protection -Battery and USB powered optional -AES 128-bit communication encryption
Hank	HKZW-MS01 	<ul style="list-style-type: none"> -4-in-1 sensor(Motion,light,temperature and humidity) -Tamper protection -Battery and USB powered optional -Low battery alert -OTA supported -FCC,CE and Z-Wave Plus certified

3.Motion Sensor

PRODUCT	MODEL	FEATURES
Aeotec Trisensor	ZWA005-A 	<ul style="list-style-type: none"> -3-in-1 sensor(Motion,temperature,light) -Motion accurate to 7.5 meters -Waterproof rating for outdoor use -Low battery Alert -wireless range upto 150 meters
Hank	HKZW-MS02 	<ul style="list-style-type: none"> -PIR(motion)sensor+vibration sensor -Battery and USB powered optional -Wall mounted design with easy installation -1 year battery life -Low battery alert -OTA firmware upgrade supported -CE,FCC and Z-Wave Plus certified

4. Water/Flood Sensor

PRODUCT	MODEL	FEATURES
Aeotec	ZW122-C 	<ul style="list-style-type: none"> -Leak and flood sensor -Tilt and vibration sensor -Temperature sensor -Auto-close water valves. -Turn on sump pumps and auto turn off power.
Hank	HKZW-FLD01 	<ul style="list-style-type: none"> -Detects the presence and absence of water -Super accurate,able to detect absence of little as 0.03% of an inch of water -Built-in temperature sensor -Low battery alert -OTA firmware upgrade supported -FCC,CE,Z-Wave Plus certified

5. Smoke Sensor

PRODUCT	MODEL	FEATURES
Hank	HKZW-SMK01 	<ul style="list-style-type: none"> -Z-Wave compatible smoke and carbon monoxide alarm. -Reliable electrochemical co and photoelectric smoke sensors -Features single button test/Silence and side-access battery drawer - Provides alerts whether you are home or away -Photoelectric smoke sensor helps reduce false alarm such as from cooking or shower steam -Battery lifetime : 10 years

6. Range Extender

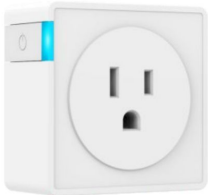

PRODUCT	MODEL	FEATURES
Aetec	ZW117-A01 	<ul style="list-style-type: none"> -Captures weak or slow signals and efficiently repeats them -Amplifies wireless signals and helps improve the reliability and accuracy of Z-wave network -Power outlet friendly design -Secure communication -Compatible with all Z-Wave devices

7. Siren

PRODUCT	MODEL	FEATURES
Aeotec Siren 6	ZW080-A02 	<ul style="list-style-type: none"> -High-intensity 105db speaker -Capable of visual alerts -Backup battery upto 4 hours -3 different layers of wireless security to prevent hacking or interference by intruders
Hank Siren	HKZW-SRN01 	<ul style="list-style-type: none"> -High-intensity 106dB speaker build-in right in -Visual alerts -Changeable alert tones -OTA firmware upgrade supported -FCC,ETL and Z-Wave Plus certified -Optional available with backup battery

8. Smart Plug

PRODUCT	MODEL	FEATURES
Aeotec Smart switch	ZW096-A02 	<ul style="list-style-type: none"> -On/off appliance control -Wireless control and automation -Schedule devices on and off -InBuilt surge and overcurrent protection
Hank Smart Plug	HKZW-SO01 	<ul style="list-style-type: none"> -On/off appliance control and with real-time energy monitoring -Z-wave signal range extender -5V/1A,5V/2.4A USB charging for mobile devices -Surge and overcurrent protection -OTA supported -FCC,UL and Z-Wave Plus certified
Hank Smart Plug	HKZW-SO02 	<ul style="list-style-type: none"> -On/off appliance control and with real-time energy monitoring -Z-wave signal range extender -5V/1A,5V/2.4A USB charging for mobile devices -Surge and overcurrent protection -OTA supported - Z-Wave Plus certified
Hank Smart Plug	HKZW-SO03 	<ul style="list-style-type: none"> -On/off appliance control and with real-time energy monitoring -AC outlet LED ring displays power consumption level -Z-wave signal range extender -Surge and overcurrent protection -OTA firmware upgrade supported -FCC,ETL and Z-Wave Plus certified

PRODUCT	MODEL	FEATURES
Hank Smart Plug	HKZW-SO05 	<ul style="list-style-type: none"> -On/off appliance control and with real-time energy monitoring -AC outlet LED ring displays power consumption level -Z-wave signal range extender -5V/1A,5V/2.4A USB charging for mobile devices -Surge and overcurrent protection -OTA supported -CE and Z-Wave Plus certified
Hank Smart Plug	HKZW-SO07 	<ul style="list-style-type: none"> -On/off appliance control and with real-time energy monitoring -Z-wave signal range extender -Built in Surge and overcurrent protection -OTA firmware update supported - FCC,ETL and Z-Wave Plus certified -S2+ Smart start supported
Hank Smart Plug	HKZW-SO08 	<ul style="list-style-type: none"> -On/off appliance control and with real-time energy reading. -Z-wave signal range extender -Built in Surge and overcurrent protection -OTA firmware update supported -CE and Z-Wave Plus certified -S2+ Smart start supported
Hank Smart Plug	HKZW-SO09P 	<ul style="list-style-type: none"> -On/off appliance control and with real-time energy reading. -Z-wave signal range extender -Built in Surge and overcurrent protection -OTA firmware update supported - FCC,ETL and Z-Wave Plus certified -S2+ Smart start supported

9. Smart Switch

PRODUCT	MODEL	FEATURES
Hank In-line smart switch	HKZW-SW02 	<ul style="list-style-type: none"> -Great for fridges and other appliance.Able to handle low wattage devices with impulse power supply -Built-in meter monitors energy consumption -Z-wave signal range extender -Surge and overcurrent protection -OTA supported -FCC,ETL and Z-Wave Plus certified
Hank In-line smart switch	HKZW-SW04 	<ul style="list-style-type: none"> -Great for fridges and other appliance.Able to handle low wattage devices with impulse power supply -On/Off control with real-time energy reading -Z-wave signal range extender -Built in Surge and overcurrent protection -OTA supported -CE and Z-Wave Plus certified
Hank In-wall smart switch	HKZW-SW05 	<ul style="list-style-type: none"> -On/off appliance remote control -Z-wave signal range extender -Surge and overcurrent protection -OTA supported -Traveler supported - FCC,ETL and Z-Wave Plus certified
Hank Plug-in dimmer	HKZW-DIM01 	<ul style="list-style-type: none"> -Remote & Manual on/off + dimming control -Plug-in and play,no wiring required -Z-wave signal range extender -Built in Surge and overcurrent protection -OTA firmware update supported - FCC,ETL and Z-Wave Plus certified

10.Bulbs

PRODUCT	MODEL	FEATURES
<p>Aeotec LED bulb 6 Multi white</p>	<p>ZWA001-A</p> 	<ul style="list-style-type: none"> -Tunable white light. -Warm white and cold white -Brightens up to 800 lumens -Brightness can be set anywhere between 5% and 100%. -In-build ZWave and ZWave plus repeater -Multi-White lighting responds to commands and control in milliseconds.
<p>Aeotec LED bulb 6 Multi color</p>	<p>ZWA002-A</p> 	<ul style="list-style-type: none"> -High CRI of 80. -Brightens up to 800 lumens -Dim from 5% to 100% -16 million different colors -In-build ZWave and ZWave plus repeater
<p>Hank LED bulb</p>	<p>HKZW-LED01</p> 	<ul style="list-style-type: none"> -Dimmable white -Energy saving(energy efficient rating:A+) -Repeats Z-wave signals and extends the range of Z-wave network -OTA supported -FCC,CE,ETL and Z-Wave Plus certified

PRODUCT	MODEL	FEATURES
Hank RGB bulb	HKZW-RGB01 	<ul style="list-style-type: none"> -16 Million colors optional -Max:600 lumens,7W -Warm white and cold white -Energy saving(energy efficient rating:A+) -Repeats Z-wave signals and extends the range of Z-wave network -OTA supported -FCC,CE,ETL and Z-Wave Plus certified
Hank RGB bulb	HKZW-RGB02 	<ul style="list-style-type: none"> -16 Million colors optional -Max:800 lumens,9W -Warm white and cold white -Energy saving(energy efficient rating:A+) -Repeats Z-wave signals and extends the range of Z-wave network -OTA supported -FCC,CE,ETL and Z-Wave Plus certified
Aeotec LED Strip	ZWA121-A 	<ul style="list-style-type: none"> -Dedicated white LEDs for usable light -16 million colours via LED for decorative light. -Brighten and control from Z-Wave switches and remote controls including WallMote. -Incredibly powerful, LED Strip can intelligently respond to Z-Wave sensors including MultiSensor -LED Strip can be automated to work on highly customisable schedules -Custom colours can be used to visually notify you including providing safety alerts.

11.Scene Controller

PRODUCT	MODEL	FEATURES
Aeotec NanoMote/ Aeotec NanoMote Quad	ZWA003-A 	-Available with 1 or 4 buttons -Perfect wireless range upto 328 feet -6 months battery life alongside easy 5 hour recharging via USB. -Z-Wave device & scene controller. -3 separate layers of security to help stop hacking, cloning, and unauthorised control.
Aeotec WallMote/ Aeotec WallMote Quad	ZW129-A 	-Wireless; magnetically attaches to wall. - 2 buttons which Control 8 different scenes & 4 buttons which Control 16 different scenes -Wireless range utp 150 feet -secure switch not just portable but perfectly balanced.
Hank one-key scene controller	HKZW-SCN01 	-On/off switch, control dimming and customize scenes -Wall-mounted and portable optional -OTA Supported -Low battery alert -Rechargeable battery -FCC,CE and Z-Wave Plus certified
Hank four-key scene controller	HKZW-SCN04 	-On/off switch, control dimming and customize scenes -Wall-mounted and portable optional -OTA Supported -Low battery alert -Rechargeable battery -FCC,CE and Z-Wave plus certified

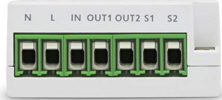

12.Touch controller

PRODUCT	MODEL	FEATURES
Hank touch panel	HKZW-SW061 	<ul style="list-style-type: none"> -Touch on/off switch -Z-Wave signal range extender -Surge and overcurrent protection -OTA supported -Traveler supported -CE and Z-Wave Plus certified
Hank touch panel	HKZW-SW063 	<ul style="list-style-type: none"> -Touch on/off switch -Z-Wave signal range extender -Surge and overcurrent protection -OTA supported -Traveler supported -CE and Z-Wave Plus certified

13.Curtain controller

PRODUCT	MODEL	FEATURES
Aeotec WallSwipe	ZW158 	<ul style="list-style-type: none"> -Provides light,dim,motor and curtain controller -Tap, touch, slide or gesture and you can control whatever WallSwipe is connected to.
Hank curtain controller	HKZW-MT01 	<ul style="list-style-type: none"> -Curtain position control -Real-time status report -Curtain open and curtain close function -Resistance and stop function -Motorized curtain remote control track system -OTA firmware update supported -FCC,ETL and Wi-Fi certified

14.Switch/Dimmer/Shutter

PRODUCT	MODEL	FEATURES
Aeotec Nano Switch	ZW139-B 	<ul style="list-style-type: none"> -Make any socket or switch Z-Wave connected. -In-built surge protection -AES-128 bit wireless encryption -Can control up to 15 amps of power -It powers automation and scheduling -Greater wireless range upto 150 meters -Works great with high voltage and low voltage
Aeotec Dual Nano Switch	ZW140-B 	<ul style="list-style-type: none"> -Control 2 switches or sockets via Z-Wave -Installs invisibly behind socket or switch -In-built surge protection -Accurate energy use monitoring -AES-128 bit wireless encryption -Can control up to 10a max & up to 6.5a per switch -Greater wireless range upto 150 metres
Aeotec Shutter	ZW141-B 	<ul style="list-style-type: none"> -Control motor shades & curtains -Control motor barriers & doors -Control motors upto 2.5a -AES-128 bit encryption and ECDH key exchange. -Greater wireless range up to 150 metres
Aeotec Dimmer	ZW111-A 	<ul style="list-style-type: none"> -Lighting and universal wiring compatibility -Works with neutral and non-neutral -Can be dimmed at 1% increments from 0% right through to 100% brightness -Can control lights and loads that draw up to 1.2 amps of power -Greater wireless range up to 150 metres -In-built surge and overload protector

15. Energy Monitors

PRODUCT	MODEL	FEATURES
Aeotec Heavy Duty Smart Switch	ZW078-B 	<ul style="list-style-type: none"> -40 amp smart switch & energy monitor -Control manually or via schedule -Real-time energy metering. -Wireless range upto 150 feet -AES-128 wireless data encryption to keep its control and data secure -OTA updates supported
Aeotec Home Energy Meter	DSB28-ZWAU 	<ul style="list-style-type: none"> -Helps identify and diagnose electricity spend. -99% accurate energy metering -Record up to 200 amps of your home's electricity use -Real-time reporting. -AES-128 wireless data encryption

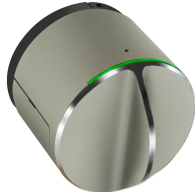

16. Doorbell

PRODUCT	MODEL	FEATURES
Aeotec	ZW162 	<ul style="list-style-type: none"> -30,000 lumens light alerts. -110dB audio alerts. -Upload MP3 tones to chime -15 different tones. -2 years battery life

17.IR Transceiver

PRODUCT	MODEL	FEATURES
Hank	HKZW-ACC01 	<ul style="list-style-type: none"> -Learning functionality -OTA supported -IR coverage :360 degree,7-10 m -5V/1A Micro-B power supply,no free for batteries change. -FCC,CE and Z-Wave Plus certified

18.Z-Wave Lock

PRODUCT	MODEL	FEATURES
Danalock	Danalock V3-BTZU 	<ul style="list-style-type: none"> -Unlimited number of digital keys. -Automatic unlock to sense your arrival to unlock the door for you. -Alerts to receive real-time notifications to know who enters and exits. -Long-lasting battery life of 12+ months depending on daily use.
